

Erasmus+ Program International Credit Mobility 2017-2019

The Erasmus+ program

Mobility is a fundamental part in the creation of a European space for higher education.

As part of the new Erasmus+ program 2014-2020, individual mobility is now international through the « International Credit Mobility». The objectives are as follows:

- To allow students, teachers and staff members to carry out mobility to/or from Erasmus+ partner countries.
- To support the internationalisation of higher education institutions
- To highlight the richness and attractiveness of European Higher education
- To promote cooperation with partner countries in relation to foreign policy

Objectives

The *Université Catholique de Lille* takes part in the International Credit Mobility with the objectives of:

- Developing **new partnerships** with adjacent countries of the European union : Bosnia, Serbia, Georgia
- **Strengthening long term partnerships** by developing new forms of mobility with Lebanon and Japan
- Helping **the internationalization of its partners and their campuses** by attracting students from new partners countries
- **Exchanging good practices with international partners** on cross-cutting themes at the University's institutions such as : innovation, sustainable development and internationalization
- Encouraging **the emergence of common collaborations** by education and/or training activities

Partners of the project

The Catholic University of Lille develops its incoming and outgoing mobility from partner institutions in 5 countries:

Bosnia-Herzegovina

› **Sarajevo University** - Mechanical faculty (www.unsa.ba)

Domaines d'études concernés par le projet : sciences de l'ingénieur (HEI)

› **Dzemal Bijedic de Mostar University** (www.unmo.ba)

Areas of study involved in the project: law (FD), economy and business (FGES, ESTICE), civil and mechanical engineering (HEI) biology and agriculture (ISA), computer science (ISEN)

Serbia

› **University of Novi Sad** (<https://www.uns.ac.rs/index.php/en/>)

Areas of study involved in the project: Science and engineering sciences (HEI, ISA, ISEN), economics and business (FGES, ESTICE), agriculture, food and environment (ISA)

› **University of Belgrade** (<http://www.bg.ac.rs/en/>)

Areas of study involved in the project: law (FD), economy and business (FGES, ESTICE), languages (FLSH), religions (FT), environment, agriculture and biology (ISA), architecture (HEI) chemistry (HEI)

Georgia

› **Tbilisi State University « Ivane Javakishvili »** (<https://www.tsu.ge/en/>)

Areas of study involved in the project: political science (ESPOL), human sciences (FLSH), law (FD), economics (FGES), tourism (FLSH), computer science (ISEN)

› **Caucasus University** (<https://www.cu.edu.ge/en/>)

Areas of study involved in the project: Business (FGES, ESTICE, IESEG), law (FD), political sciences (ESPOL), computer science (ISEN)

Lebanon

› **American University of Science and Technology** (<https://www.aust.edu.lb/>)

Areas of study involved in the project: economics and business (FGES), political sciences (ESPOL), computer sciences (ISEN)

Japan

› **Sophia University** (<https://www.sophia.ac.jp/eng/>)

Areas of study involved in the project: economics (FGES, ESTICE, IESEG) engineering sciences (HEI, ISA, ISEN), life sciences (FGES, ISA)

Project funding

Maximum funding for the project:

€ 613 983.35 for 136 participants in mobility activity

Project length

01/06/2017 > 31/07/2019

The European funding allows financing to:

- The participants' living expenses , in the form of a monthly (students) or daily (staff member) rate depending on the country of destination
- Traveling expenses depending on the distance per kilometer
- The management of the project (the « mobility management » budget)
- Eventual specific needs, at actual expense (reserved for individuals with disabilities)

Objectives:

- **64 mobilities of study for students** : from the second year of higher education to doctoral studies (included) for a period ranging from 3 to 10 months
- **72 mobilities for staff members** :
 - 21 teaching missions : for a period of 5 consecutive days of mobility in the partner institution with a minimum of 8 hours of teaching
 - 51 training missions: for a period of 5 consecutive days of mobility in the partner institution.

Implementation

- The activities of the International Credit Mobility program of the Université Catholique de LilleCatholic University of Lille are coordinated by the International Relations Office & Communication as part of the Erasmus+ consortium, validated by the European Commission.
- Participants from member institutions and partner universities are financed by the program after validation of the selection by the home institution and by the UCL executive committee (2CI, Consultative Committee for the International).
- More information : erasmus@univ-catholille.fr or International Relations Officer of the institutions
