# Application Procedure 2026

**This application procedure guide explains how to apply for:**

- LILLE European Summer Program,
- LiDD Design Summer Camp,
- or the customized program for Liverpool John Moores University (LJMU) students.

Completion of this procedure is **mandatory for all students** to ensure that their application is properly received and processed by the International Relations Office of *Université Catholique de Lille*.

We strongly advise you to **contact the International Relations or Study Abroad Office at your home university** as soon as you decide to participate in the program, in order to confirm whether **any additional internal application procedures** are required. Failure to complete your home university's procedures may result in issues related to credit transfer, visa issuance, and/or, in some cases, cancellation of participation !

# Waiting List

**The number of places in the program and in the optional field trips is limited.**

Given this limited capacity, applications are processed on a **first-come, first-served basis**, determined by the full completion of the program application, including full or partial payment if agreed. We therefore recommend completing your registration as soon as the application period opens in order to secure your place.

**Priority is given to students from partner universities.** You can check whether your home university is a partner of *Université Catholique de Lille* on this [webpage](#). Please note that the map is not exhaustive, and some partnerships may not yet be listed. If you cannot find your university on the map, please contact us at [lilleprograms@univ-catholille.fr](mailto:lilleprograms@univ-catholille.fr) so we can verify this for you.

Students from non-partner universities may still apply; however, their applications will be placed on a waiting list until closer to the application deadline. If places remain available, they will be notified accordingly and will be able to complete the payment by the applicable deadline.
